

O Mama

Thank you for the gift of life
You gave to me at birth
And thank you for the love you gave
Throughout your life on earth
Thank you for the family
Of which I am a part
In memory you'll always be
With me inside my heart

O Mama
I'm not feeling any less sad
To know you're in the Father's hands
Even though I should be glad

O Mama
I miss you, yes I do
But I have much to thank you for
This song is just for you
Yes I have much to thank you for
This song is just for you
