

## **Simplify**

### **Refrain**

Simplify my life O Lord  
Be always at my side  
Show me the way to live out each day  
Make your will my guide  
Simplify my life O Lord  
I long for lasting peace  
Please take away what encumbers me  
Give me only what I need

### **Verse 1**

I admit the thought of moving on  
Creates tremendous fear  
And letting go of the world I know  
Seems way too much to bear

### **Refrain**

### **Verse 2**

I am drifting in a sea of doubt  
Being tossed by stormy waves  
I need your help. I'm reaching out  
Extend your hand my way

### **Refrain**

Please take away  
What encumbers me  
I need to simplify
