

## **Sweetest Sound**

### **Verse 1**

In the quiet of the evening  
As the sun go down  
Hands united, counting blessings  
In the here and now

### **Verse 2**

Shadows fading, night is calling  
As the world goes round  
Sacred silence, wrapped in wonder  
Our love's the sweetest sound

### **Bridge**

Twilight slowly lingers  
Worries left at bay  
And well before we slumber  
We thank God for the day

### **Verse 1**

In the quiet of the evening  
As the sun go down  
Hands united, counting blessings  
In the here and now

### **Verse 2**

Shadows fading, night is calling  
As the world goes round  
Sacred silence, wrapped in wonder  
Our love's the sweetest sound
