

## **The Knight**

A Tribute to Armand Dumoulin

A Knight of Columbus

You're the knight that I'd like to be  
Standing tall, holding fast to your dreams  
Always strong in all that you believe  
You're the knight that I'd like to be

Struggling throughout your daily life  
Managing to cope the best that you can  
Never speaking ill of anyone  
You're what it means to be a man  
You're what it means to be a man

Though life has taken its toll  
I can still see the glow  
Of a fire burning deep within your soul  
Though life has taken its toll  
You continue to grow  
As the noblest knight that anyone could know

Though life has taken its toll  
I can still see the glow  
Of a fire burning deep within your soul  
Though life has taken its toll  
You continue to grow  
As the noblest knight that anyone could know

You're the knight that I'd like to be  
Standing tall, holding fast to your dreams  
Always strong in all that you believe  
You're the knight that I'd like to be  
You're the knight that I'd like to be
